DURA-LOCK™

The MAT Facts

Anti-Fatigue	◆ ◆ ◆ ◆
Wear Resistance	◆ ◆ ◆ ◆
Slip Resistance	◆ ◆ ◆ ◆

◆◆◆◆ excellent, ◆◆◆ good, ◆◆ fair, ◆ not rated

Recommended for:
cafeterias, kitchens and restaurants as well as industrial work areas.

Forget about connectors with Dura-Lock. Its built-in locking system makes customizing food service mats easy.

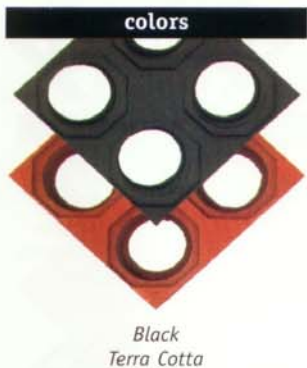

- Rubber, slip-resistant surface has large holes, providing excellent drainage of liquids and solids.
- Buy a self-contained mat with 4 beveled edges or combine centers and ends to create a longer mat.
- Molded beveled edges.
- Available in general-purpose black or grease-resistant terra cotta.
- Thickness: 3/4".

Stock Size:

Self-contained: 38 1/2" x 61 1/2"
Center: 38 1/2" x 61 1/2"
End: 38 1/2" x 61 1/2"

SAFETY-STEP™ KITCHEN MATTING

The MAT Facts

Anti-Fatigue	◆ ◆ ◆ ◆

Slip Resistance	◆ ◆ ◆ ◆

◆◆◆◆ excellent, ◆◆◆ good, ◆◆ fair, ◆ not rated

Recommended for:
kitchens, butcher shops, bars, food prep stations, restaurants, food processing plants and industrial work areas.

This anti-fatigue, 3' x 3' modular mat has a vulcanized rubber surface that will not deteriorate in wet or greasy food service environments.

- Drain-through holes filter liquids and waste, keeping the surface clean.
- Sections lock securely with a built-in connector on one side. Additional connector strips are available to customize mat sizes and shapes.
- Multi-nib backing enhances draining and provides aeration.
- Beveled edges and corners available.
- Available in grease-proof terra cotta and grease-resistant black.
- Overall thickness: 3/4".
