ANTI-FATIGUE/SAFETY *MATS*

HOG*Heaven*

- Solid Nitrile Rubber surface for better chemical resistance
- Superior slip resistance
- Closed-cell Nitrile/PVC cushion backing provides long lasting comfort without breaking down
- 100% Nitrile Rubber border remains flexible for the life of the product and will not crack or curl
- Available in 5/8" or 7/8" thickness

HAPPY FEET

HAPPY FEET mats combine exceptional anti-fatigue properties with unique safety features. These mats feature a dense natural rubber cushion encapsulated with a solid Nitrile Rubber to protect against deterioration. This construction makes HAPPY FEET mats highly resistant to chemicals, animal fat, and petroleum products. They are available with OSHA color-coded borders: **green** for safety, **yellow** for caution, **orange** for warning and **red** for danger.

For continuous length applications, choose HAPPY FEET linkable. Each 3' x 5' section is available with either 1 or 2 ends. With HAPPY FEET linkable, there is no need to handle large, heavy or cumbersome rolls. And there's no need to replace an entire roll if a single area becomes damaged or worn.
