### A CLEANER ENVIRONMENT

Our Image**PLUS** Logo mats offer the most advanced cleaning characteristics of any mat available today. Oh, sure, our mats look beautiful. But we're not just another pretty face. Because we stop dirt in its tracks - before it gets to your floors. Just one of our mats removes 80% of outside dirt before it reaches your interior facility. In fact, just one 4' x

6' mat can capture and hold up to 15 pounds of the kind of dirt that can cause maintenance problems on other flooring and in office and retail equipment. Cleaning Professionals confirm that it costs about \$800 per pound to remove troublesome dirt once it gets into your facility.

### IN BRIGHT CLEAN COLORS

The patented Millitron process produces the brightest colors available on the market today. You can choose from over 189 different colors - that's over 5 times the color you can find anywhere else. Our designers can take your image and create a piece of art— their medium is fabric. That's why our Image**PLUS** mats are so desirable to organizations committed to maintaining a superior professional image.
