

CompuTuft® Logo Mats

Logo • Carpeted (Wiper) Mats • Indoor

CompuTuft logo mats are created using Masterweave™ technology, a computerized tufting process that weaves the design into the nylon carpet surface. Because the logo/design is tufted into the carpet using different colors of solution-dyed yarn (rather than dying or printing on white carpet), CompuTuft mats offer excellent colorfastness (fade resistance).

- **Plush & Resilient** – High-twist, heat set nylon resists crushing, traps dust and dirt, and extends the useful life of the mat
- **Fade Resistant** – Solution-dyed nylon won't fade in sunlight or with repeated washing
- **Safe** – Certified high-traction by the National Floor Safety Institute (NFSI)
- **Safe** – Certified high-traction by the National Floor Safety Institute (NFSI)
- 23 color options available with up to 6 colors per mat; available in standard (26 ounces per square yard) or high-resolution (32 ounces per square yard)
- Available with choice of SBR (48 mil) or nitrile rubber (52 mil, 65 mil, 90 mil) with smooth, cleated, or suction backing; please note that high-res mats are only available on 65 mil and 90 mil nitrile rubber
- Commercially launderable (when backed with nitrile rubber)
