

Comfort Flow Mats

Ideal Features For PA Restaurants, Spas, & Factories

High-density closed-cell nitrile rubber cushion provides excellent anti-fatigue properties that reduce stress on the knees and feet.

Light-weight and flexible for easy handling and cleaning.

Drainage holes that allow liquids to flow through.

Beveled edges provide a safe transition from mat to floor that meet the standards set by the Americans with Disabilities Act.

Slip resistant

Chemical resistant

Grease and oil proof

Anti-static

ANTI-MICROBIAL

- Guards against degradation from microorganisms.
- Minimizes the chance of odors coming from the mat.
- Anti-microbial treatment can be done for the lifetime of the mat, not just upon first purchase and initial use.

THESE MATS ARE IDEAL FOR...

1

Food service industry and commercial kitchens
